- United Soccer Coaches (USC) Advanced Technical Training Diploma
- ICA Bronze Coaching License
- ICA Fitness & Conditioning License

RECOMMENDATIONS

“I have had the pleasure to be around Kyle as a player and a coach. He is a very sharp, inquisitive and respectful coach. Importantly, Kyle displayed a passion and excitement to teach young soccer players to be the best they can be. Kyle is a charismatic and bright young coach who quickly grasped the game of soccer. He consistently surprised me with his intuitive ability to get the best out of kids no matter the ability. He also has the ability to discuss the strengths and weaknesses of a player to make them better. When confronted with adversity he tends to make the best of the situation and find a way to make a positive out of a negative. Kyle clearly has strong team oriented skills which are derived from his long history as an accomplished athlete. He has grown up in a family that makes a living through soccer and he knows how to build a winning competitive team. I am confident that he will be a strong addition to any team he coaches.”

- Charlie Dodds, President of YSC Sports

“Kyle brings a positive attitude, a dynamic approach and fantastic coaching points that resonate with his players. Even though Kyle is still relatively young I can assure you that this should not be held against him, to the contrary it should be recognized as a positive. As mentioned above the energy and passion he has for the game is impressive and puts a large percentage of other youth coaches to shame with the effort that he puts forward. He has been held to high standards from a coaching perspective both as a player and a coach, and takes the responsibility of developing his players extremely seriously.”

- Matthew Ellis, College Coordinator for FC Europa

- “ Kyle is intelligent and hardworking, lively in a social setting, and motivational. He truly is a wonderful person who gives his all in everything he chooses to participate in. He always engages others and actively seeks social interaction, while at the same time maintaining his responsibility as a leader and desire to improve both himself and his colleagues.”
- Paulo Ferreira, Futsal Director for FC Europa

“Kyle has always been an active contributor, both inside and outside of the classroom. He has always excelled and asked critical questions in Psychology, as his grades will convey, but his passion for sports has also shined through. His drive and initiative in sports management are impressive, but also are his interpersonal skills. Kyle communicates well; is sensitive and approachable as well as professional.”

- Dr. Melissa Terlecki, PhD. Head of the Psychology Department at Cabrini University
